

# ■ Bitcoin for Kids – Simple Guide

■ Alice wants to send a magic coin to ■ Bob.

→■ Instead of using a bank, she uses the **Blockchain Train**.

■ Miners are helpers. They solve puzzles ■ to check if the coin is real.

✓■ When the puzzle is solved, the block is added to the train.

■ As a thank you, miners win new magic coins (Bitcoin) as rewards.

## ■ Why It Matters

- No boss controls it.
- The money is truly yours.
- Anyone, anywhere, can use it.
- It's a tool for freedom and fairness.
